# Digestamace<sup>®</sup>

## Equine Paste

### What is Digestamace<sup>®</sup> Equine Paste?

Digestamace<sup>®</sup> Equine Paste is a stabilized source of energy, select vitamins, and chelated minerals that helps maintain appetite, natural immunity, and overall health. Provide to animals during times of stress such as training, shows, competition, ration change, weather changes, birth, shipping, following deworming and antibiotic therapy, and for animals recovering from surgery.

### Why is Digestamace<sup>®</sup> Equine Paste unique?

- Contains the most researched proven strains of enzymes on the market.
- Contains highly available nutrients to help maintain appetite and digestion function.
- Complete package of prebiotics, vitamins and minerals.
- Easy to use dial-a-dose tube for accurate feeding and no waste.
- ***Digestamace<sup>®</sup> Equine Paste recommended by vets to maintain health and performance.***
